

DELIGHTER^{2000W}
diodEpilation

PERMANENT
EPILATION

THE NEW FRONTIER
OF **LASER EPILATION**

PANESTETIC
FUTURE FOR BEAUTY™

RAISE THE BAR OF LASER EPILATION, SWITCH TO HIGH POWER. **DISCOVER DELIGHTER 2000W**

MAXIMUM PERFORMANCE, MAXIMUM SAFETY, MAXIMUM COMFORT

Thanks to the considerable increase in power offered by the high Watt number, Delighter 2000W offers **high-performance results even in the most difficult situations**, such as thin and blond hair.

All in maximum safety thanks to short pulse duration, for **maximum comfort** during the session.

LASER EPILATION FOR EVERYONE, ALL YEAR ROUND

Delighter 2000W is **suitable for all phototypes**, including tanned skin. Its power acts effectively on **hairs of any colour and density**, extending the possibility of offering this service to all types of clientele.

A great opportunity to increase the profitability of your beauty center.

DELIGHTER^{2000W}
diodepilation

YOUR **GUARANTEE OF SUCCESS** MADE IN ITALY

Also ideal for
total body treatments
on both men
and women.

**PERMANENT
EPILATION**

DOUBLE WAVELENGTH, DOUBLE EFFECTIVENESS

An innovative technology with even better performances thanks to the combined emission of **two wavelengths - 808 and 1064 nm - for a multi-level action.**

The use of the combined frequencies makes it possible to target hairs at different depths (the 1064 nm frequency reaches deeper than the 808 nm frequency), guaranteeing **better and faster results.**

HANDPIECE

NEW DESIGN

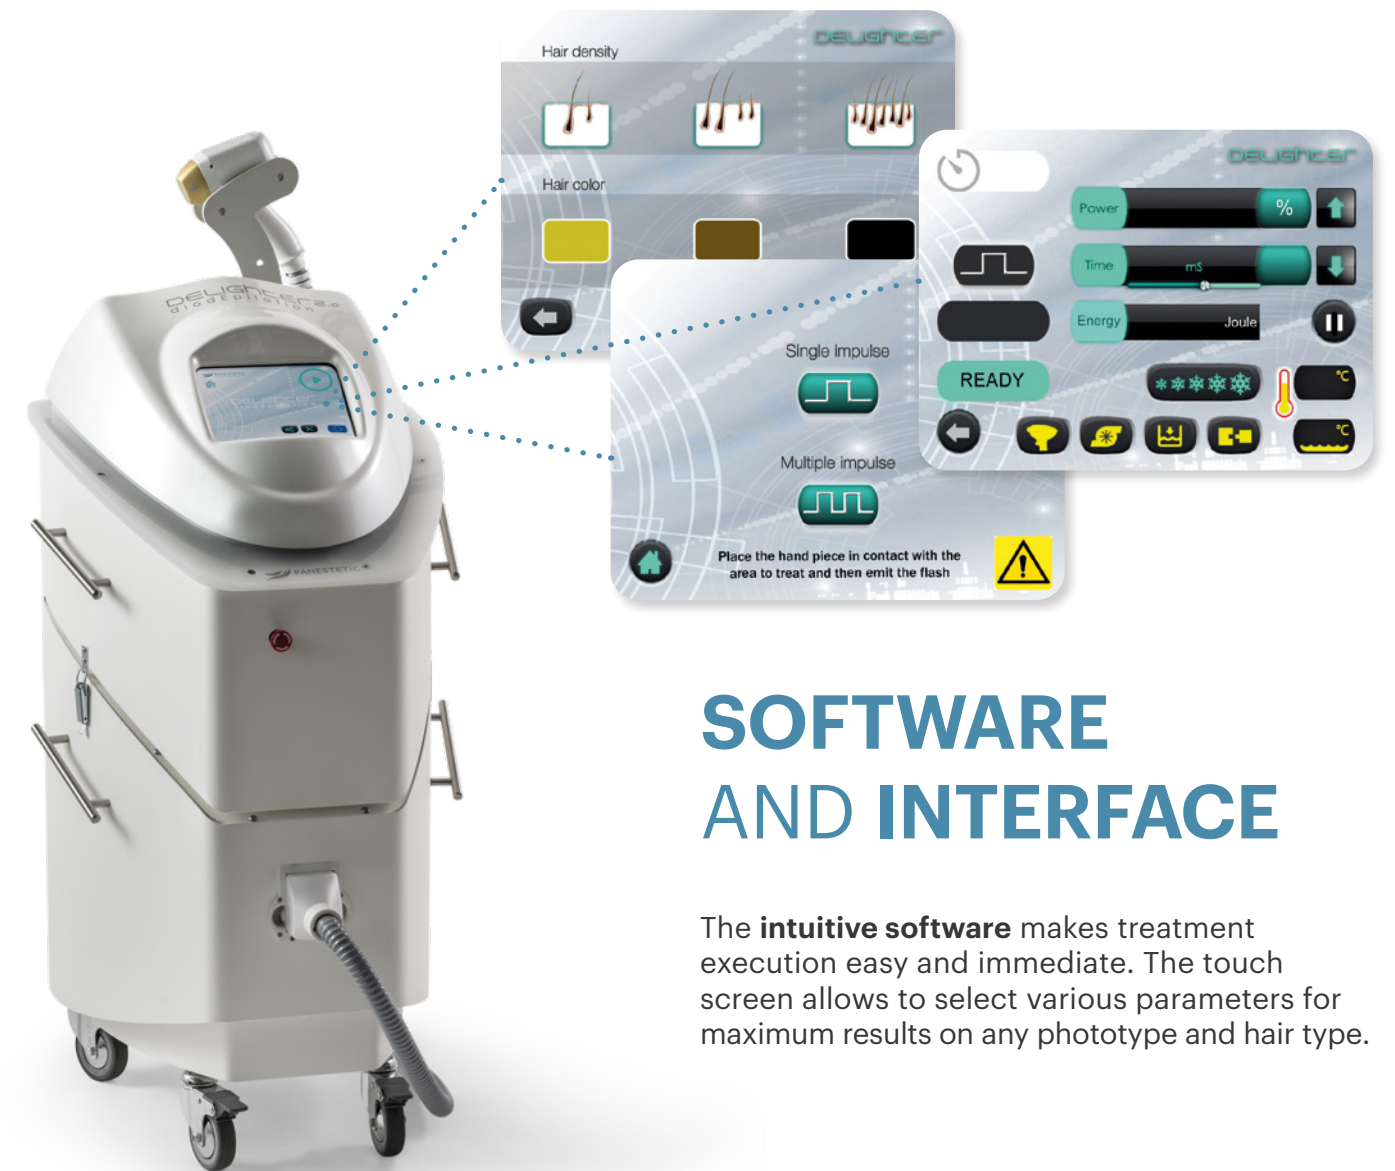

Small size and **innovative ergonomic shape, comfortable to use** even during longer and repeated sessions.

GREATER LASER EMISSION WIDTH

Thanks to the **multifocal sapphire glass with a 13x23mm spot area**, it is possible to work quickly even on the largest areas, thus reducing sessions duration.

INTEGRATED 5-LEVEL COOLING SYSTEM

Thanks to an exclusive system, it is possible to **immediately cool down** the most superficial layers of the skin, ensuring **maximum comfort** during treatment and preventing the heat from damaging the tissues.

SOFTWARE AND INTERFACE

The **intuitive software** makes treatment execution easy and immediate. The touch screen allows to select various parameters for maximum results on any phototype and hair type.

EQUIPMENT COOLING

The **innovative Cooling System** allows **repeated treatments without the need for pauses.**

An incredible advantage for time saving and treatment quality.

ELECTRA TECH COSMETICS PRODUCTS

Specific cosmetic products to work in synergy with technologies, maximising the effectiveness of the **Delighter 2000W** hair removal treatment:

DIODE
Laser gel

DELICE
Soothing post photoepilation emulsion

WHY CHOOSE DELIGHTER 2000W?

FAST

Thanks to the **new spot size** that allows **fast sessions** even on the largest areas, reducing treatment duration.

POWERFUL AND HIGH-PERFORMANCE

Thanks to its **high power and double wavelength**, effective results can be achieved even in the most difficult situations.

COMFORTABLE ON THE SKIN

Thanks to **innovative cooling systems** and **short pulse duration**.

SAFE AND RELIABLE

Manufactured entirely in Italy, in conformity with all legal regulations.

EASY TO USE

Thanks to the touchscreen and an **intuitive software**.

CONSTANT PRESENCE FOR A **WINNING PARTNERSHIP**

A complete installation **service**, training, support and after-sales service.

Specific training
to acquire all the
necessary skills

Even **more efficient**
customer service thanks
to remote connectivity
