# HAURA

ANTIAGE HYDRO SYSTEM

Combination, dry, oily, dull, with wrinkles, with spots... Every skin is different and unique, because, just like every one of us, it has **characteristics, needs and imperfections** that vary depending on **type, age and period**.

Just imagine how many different beauty machines you would need to treat each client's facial skin in the best possible way...

One  
single  
machine

Thanks to Panestetic's research, today **you need only one machine** to treat every skin, meet different needs and achieve any facial beauty goal.

## MULTI-TECHNOLOGICAL AND MULTI-TASKING

The latest creation in Panestetic's Research and Development laboratories is **HAURA, a multi-technological and multi-tasking solution, capable of guaranteeing the most effective response for every situation and every skin.**

From the innovative deep cleansing system to a complete anti-ageing treatment for more mature skin, thanks to a **complete mix of cutting-edge aesthetic technologies, HAURA** treats different imperfections and responds to every need in a **timely, effective and immediate manner**.

A new multifunctional machine that **combines 5 different technologies** to comprehensively treat facial skin imperfections.

**DERMOPORATION**  
TRANSDERMAL DELIVERY

HAURA is the ideal ally to treat **all skin types, of any age and at any time**.

Cleansing, exfoliation, removal of impurities, rejuvenation and delivery of professional cosmetics in a single beauty machine.

A true evolution for those seeking **high performance and non-invasive treatments** in facial cleansing and skin rejuvenation.

The result? A new HAURA for the skin, which looks **incredibly clean, fresh and moisturised**.

Thanks to its **multitasking action** HAURA treats all the different facial skin imperfections:

IT EXFOLIATES  
EFFECTIVELY

IT REMOVES  
DEAD CELLS

IT CLEANSSES  
AND PURIFIES  
IN DEPTH

IT MOISTURISES AND  
NOURISHES INTENSELY

It improves texture and complexion, it brightens and evens the skin

It rebalances sebum production freeing comedones from impurities

It improves the appearance of acne-prone skin

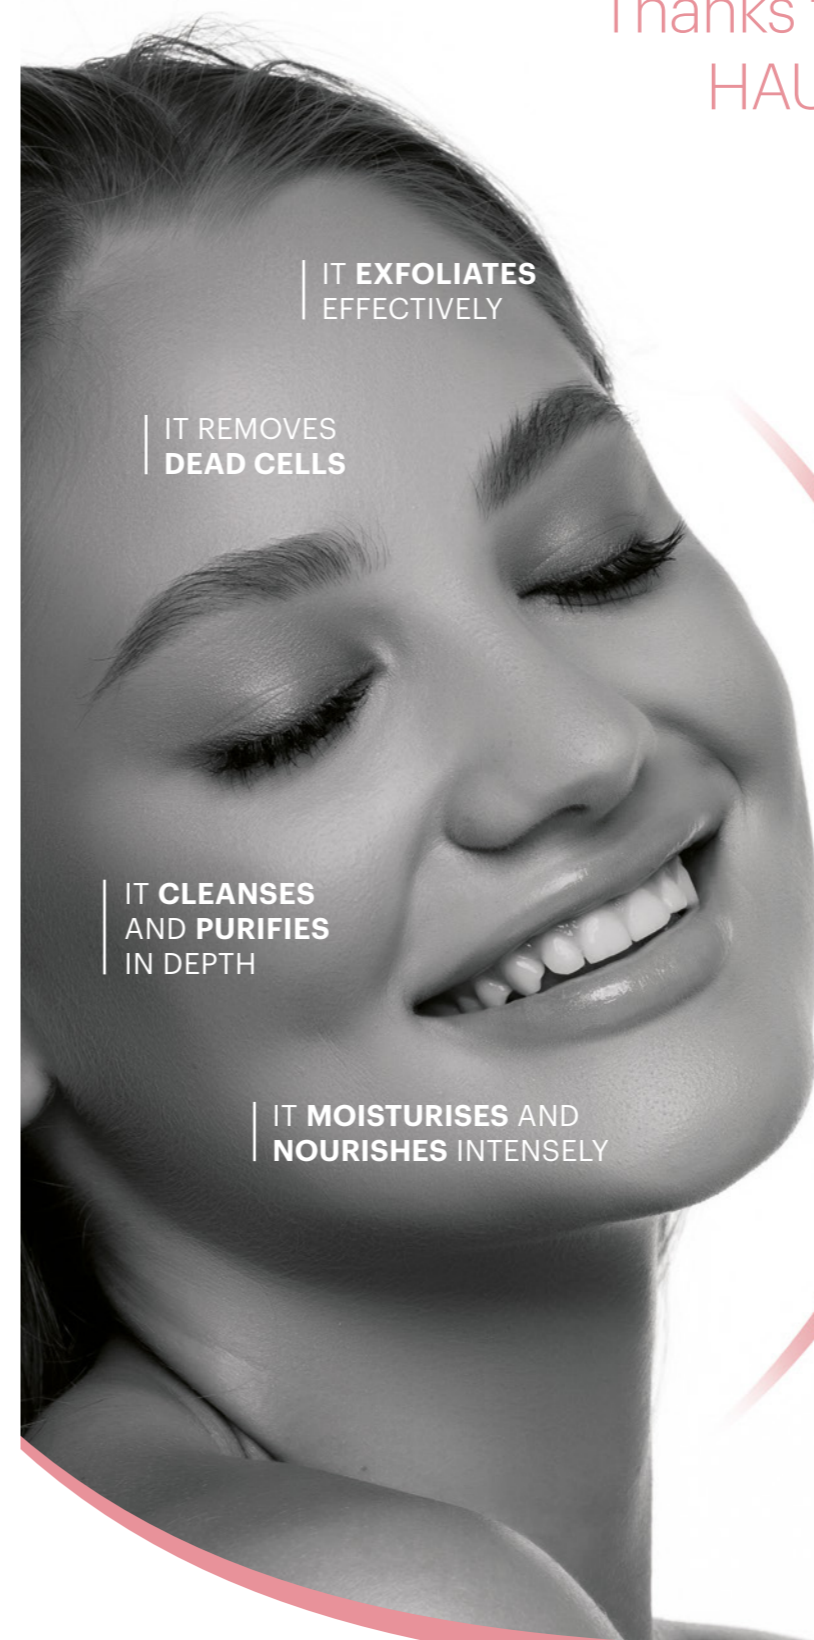

It prevents and reduces wrinkles and fine lines, with anti-ageing efficacy

It reduces the visibility of spots and hyperpigmentation

### 360° FACIAL BLEMISHES

- Dull and asphyxiated skin;
- Oily skin prone to acne;
- Skin with enlarged pores and uneven texture;
- Mature skin with wrinkles and expression lines;
- Uneven skin with blemishes and discolouring;
- Dry and dehydrated skin

Thanks to the mix of multitasking technologies, HAURA makes it possible to create **effective tailor-made treatments with results visible from the very first session**.

# ONE SINGLE TECHNOLOGY: 5 HANDPIECES FOR MULTIPLE COMBINATIONS OF TREATMENTS

## HYDRO SYSTEM HANDPIECE

The **special handpiece designed for facial cleansing** performs deep exfoliation with liquid peeling. The combination with vacuum technology effectively revitalises the tissues.

The innovative Hydro System combines a cleansing and detoxifying action with deep exfoliation and extraction of impurities.

2 disposable heads with different sizes, depending on the size of the area to be treated.

1 handpiece,  
2 technologies,  
2 cleansing levels:

## CLEANSE & DETOX

First cleansing and preparation step, to deep cleanse and remove dead cells. The skin is regenerated, cleansed and ready to receive following treatments.

## EXFO & EXTRACT

Second step of exfoliation and extraction of impurities, especially essential for combination and impure skin. The deep purifying action unclogs pores, ensuring a smoother, more even complexion.

This step is **essential as a preparatory step** before any facial treatment and is **fundamental to counteract skin ageing**.

## DERMOPEEL HANDPIECE

**Microdermabrasion with diamond tips combined with vacuum** for deep exfoliation. The vacuum technology exerts a draining action that stimulates oxygenation and facilitates the disposal of toxins, accelerating the skin's regenerative processes.

9 heads with different diameter and grain.

## BIORADIOLIFT HANDPIECE

A unique technology combining **radiofrequency and photobiostimulation** to stimulate collagen production, tone the skin and ensure a visible lifting effect.

## OXYFLOW HANDPIECE

Extremely high-precision **dermoinfusion airbrush**. The exclusive new mechanics enables professional cosmetic serums to be reduced to microscopic droplets that, by binding with oxygen, are transported deep into the tissues.

The pressure emitted on the surface of the skin creates a tension that dilates the pores and allows an effective delivery of the cosmetics.

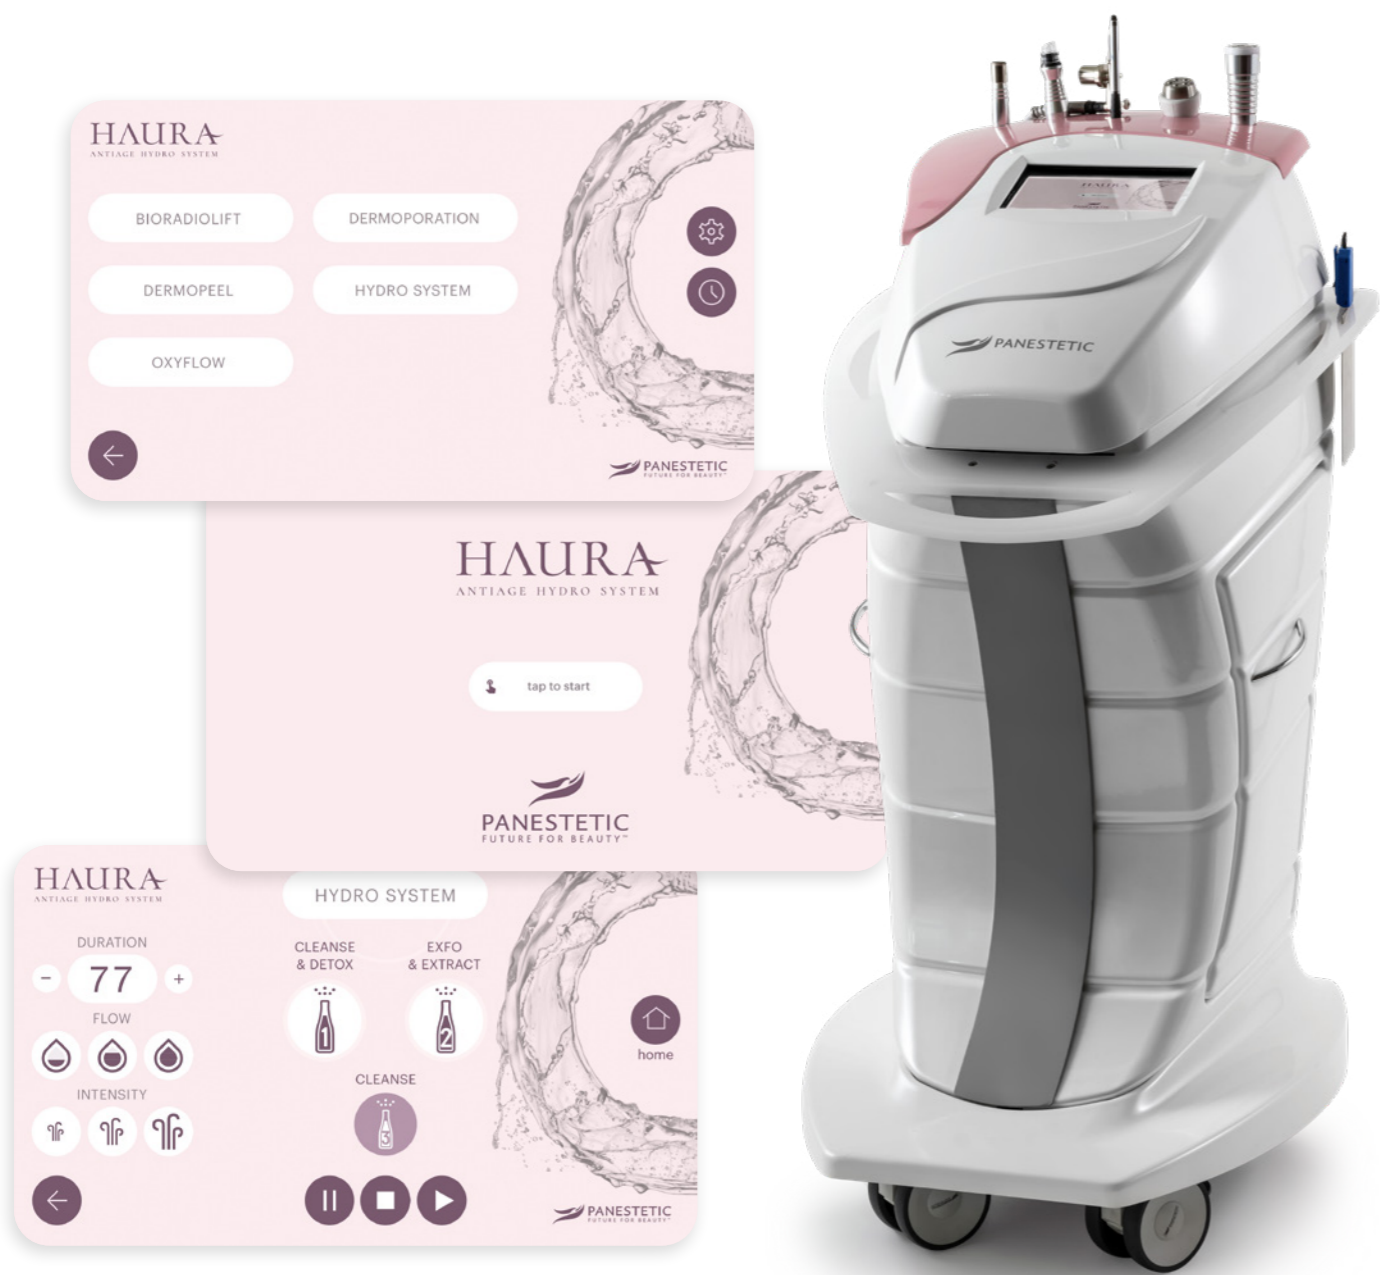

## DERMOPORATION HANDPIECE

Thanks to **transdermal delivery of the active ingredients**, this technology delivers the active ingredients of cosmetics in depth, amplifying results. The dermoporation technology moisturises tissues in the best possible way, giving firmness and radiance.

# SOFTWARE AND INTERFACE

Comfortable LCD screen with **easy and intuitive software that makes treatment execution even simpler and more immediate.** Thanks to the selection of various parameters, it is possible to customise the treatment according to individual needs.

Elegant and innovative design,  
without compromising on practicality

# SPECIFIC PRODUCTS

New products formulated to work **in combination with the Hydro system function:**

## CLEANSE & DETOX

**Detoxifying solution for cleansing all skin types.**  
Preparatory solution with Lactic Acid and Urea to deeply cleanse the skin, gently exfoliating it and leaving it soft and smooth. The specific formulation is enriched with **Lime and Green Tea extracts** with purifying properties to detoxify the skin. Thanks to the presence of **Glucosamine and Alga Alaria extract**, it has a soothing and regenerating action, protects the skin and fights the signs of skin ageing.

## EXFO & EXTRACT

**Exfoliating solution for combination and impure skin.**  
Salicylic acid-based solution to exfoliate and deeply cleanse the skin, especially oily and impure skin. It promotes the removal of blackheads and impurities for a smoother, more even complexion. Thanks to the presence of **Panthenol and Spirea extract**, it has a calming and soothing action, favouring tissue normalisation.
